4th INTERNATIONAL GRADUATE RESEARCH SYMPOSIUM - IGRS'25

Dear Colleagues, Students and Distinguished Participants,

It is a great pleasure and honor for Graduate School of Istanbul Technical University to invite you to the 4th International Graduate Research Symposium: IGRS'25, to be held between 12th and 14th of May 2025, which will be organized as an hybrid event.

The symposium will present the findings of the most recent graduate researches from a diverse range of disciplines from basic sciences, engineering, and architecture to art and social sciences. We aim to bring together students, staff, alumni and industry from a diverse background to foster the interdisciplinary discussions, exchange of ideas, expand the knowledge, construct professional interactions and discuss the future perspectives. The symposium program will feature keynote presentations as well as poster sessions.

This symposium will demonstrate ITU's Graduate School's strategic commitment to innovation, academic excellence and leadership in higher education.

We hope that you will join the symposium and distribute this invitation to the staff and students across your institutions.

Many thanks

Best regards,

Chair of the Organizing Committee

Dean of Graduate School

Istanbul Technical University

Prof. Dr. F. Seniha Güner
