

Hybrid Conference

ICAIE 2025, ELAZIĞ

**INTERNATIONAL CONFERENCE ON ADVANCES AND
INNOVATIONS IN ENGINEERING**

25-27 September 2025

Firat University, Elazığ, Turkey

Dear Colleague,

We are organizing an international hybrid conference, International Conference on Advances and Innovations in Engineering (ICAIE 2025) to be held between 25-27 September 2025 at Firat University, Elazığ, Turkey. Our conference will be held face-to-face and online in a hybrid manner. Thus, participants can choose to attend our conference face-to-face or online. On behalf of the organizing committee, we invite you, our valuable scientists, to participate in our conference.

General Information about ICAIE -2025

The International Conference on Advances and Innovations in Engineering (ICAIE) conference to be held in 2025 is honored to invite all participants interested in engineering. The conference is to be held as a hybrid conference, including both face-to-face and online presentations and accepts oral, poster, and online presentations. Note that the congress covers a maximum submission of two proceedings for a single participant. The conference accepts articles written only in English and publishes them in English. Only full-text articles will be accepted at the ICAIE conference. Furthermore, the papers which are deemed worthy by the scientific committee will be submitted to following the journals for publication.

* Turkish Journal of Science & Technology (TJST)

* Firat University Journal of Experimental and Computational Engineering (FUJECE)

* Firat Üniversitesi Mühendislik Bilimleri Dergisi (FÜMBD)

Important Deadlines

Full-text submission	15 June 2025
Manuscript review and acceptance	30 June 2025
Early registration	01 April 2025-01 August 2025

The ICAIE conference covers the following subject matters:

Bioengineering, Chemical Engineering, Civil Engineering, Computer Engineering, Environmental Engineering, Electrical and Electronics Engineering, Geomatic Engineering, Geological Engineering, Mechanical Engineering, Mechatronics Engineering, Metallurgical and Materials Engineering, Software Engineering

The subject matters beyond those above are still encouraged; however, require the evaluation and approval of the conference committee.
