## **Mission & Vision**

### **Mission**

The "Banking and Insurance Program", which is under the roof of the Department of Finance, Banking and Insurance, provides the program students with all the theoretical and practical academic equipment that will be required in the sector, with its curriculum covering 4 semesters. It aims to train qualified intermediate staff who are competitive, participatory, constantly improving themselves and producing solutions.

### **Vision**

Our main goal is to make a contemporary education-teaching planning within the framework of universal values without breaking away from the conventions of our history, adopting ethical and cultural values with analytical thinking; To be a department that trains graduates to meet the needs and expectations of the finance, banking and insurance sectors.

## **Why Department of Finance, Banking and Insurance?**

Finance, Banking and Insurance division; It has undertaken an important task to equip the staff required for banking, insurance and the entire finance sector, from the lowest level of the sector to the top managerial level, with as much academic background as possible and adequately equipped for the finance sector.

The aim of the Finance, Banking and Insurance Department and the “Banking and Insurance Programme”, which fulfills its academic mission under this department; To train qualified employees equipped with basic, sectoral and legal information about banking and insurance for banks, insurance companies, capital market intermediary institutions, international audit companies, public and private finance institutions and similar institutions and organizations. Within the framework of the basic principles of the banking and insurance profession, it is to train staff who are equipped with professional knowledge and experience, have knowledge of the foreign language required by the sector, and are aware of the responsibility of the profession and ethical rules.

## Job Opportunities of Our Graduates

Qualified manpower trained by the Finance, Banking and Insurance department; In banks and other financial institutions, it has an indisputable importance in terms of managing, directing and making the best use of funds and maintaining economic balances. Graduates of the department are active in the sectors of Capital Markets Intermediary Institutions, Credit Analysis, Banking, Insurance, International Audit Companies, Public and Private Finance Institutions, Leasing Companies, Reinsurance Companies, Finance Departments of Enterprises, Small and Medium Sized Enterprises.

## Department of Finance, Banking and Insurance Activities

Finance, Banking and Insurance department, "Banking and Insurance" program students are trained for 2 years (4 semesters) with theoretical and practical courses related to professional life within the framework of both academic and ethical principles, with the equipment needed by the sector. In order to transform the theoretical knowledge they learned in this process into practical knowledge, they are subjected to 30 working days of compulsory internship training. In addition, technical trips are provided to the extent required by the profession and opportunities allow the sector to be closely known.

Of course, in addition to all these, social activities such as folk dances, instrument courses such as baglama or guitar, and football tournaments for male students are held in order to support and contribute to the social and cultural development of students.
