## **Our Local Government Department Activities**

The activities of the logistics department in the business field are quite numerous. Students receive practical and theoretical training in this field during their 2-year education. work themselves

Their development begins during the internship period. General Students who are required to do a compulsory internship for 30 working days or 15 working days He thoroughly understands the operating methods. It is aimed to increase the student-academic relationship in an academic sense by giving responsibility to the students and each faculty member / staff of the logistics department. In addition, academic cooperation is developed by organizing events such as trips and group meals.
