- **Mission and Vision**

Mission

The mission of this department is to examine and understand historical events and processes from the scientific method and interdisciplinary perspective, and to raise individuals with a historical perspective and critical thinking.

2006

Vision

Our mission is to be a department that works to increase the knowledge and cultural equipment of the people living in Turkey and to make Turkey a country that makes serious contributions to science and civilization.

2006

Importance of History

It is extremely important to train people who will do research in the field of history in our country, which has a long history. Particularly, the history departments will contribute to the training of qualified people in every field that concerns people. It is aimed not only to give information about history to the graduates of these departments, but also to train better equipped historians by enabling students to learn other languages such as Arabic and Persian. It is necessary to train researchers who are needed in the field of history, which is the collective memory of humanity as a human science branch. At this point, the discipline of history is important.

2006

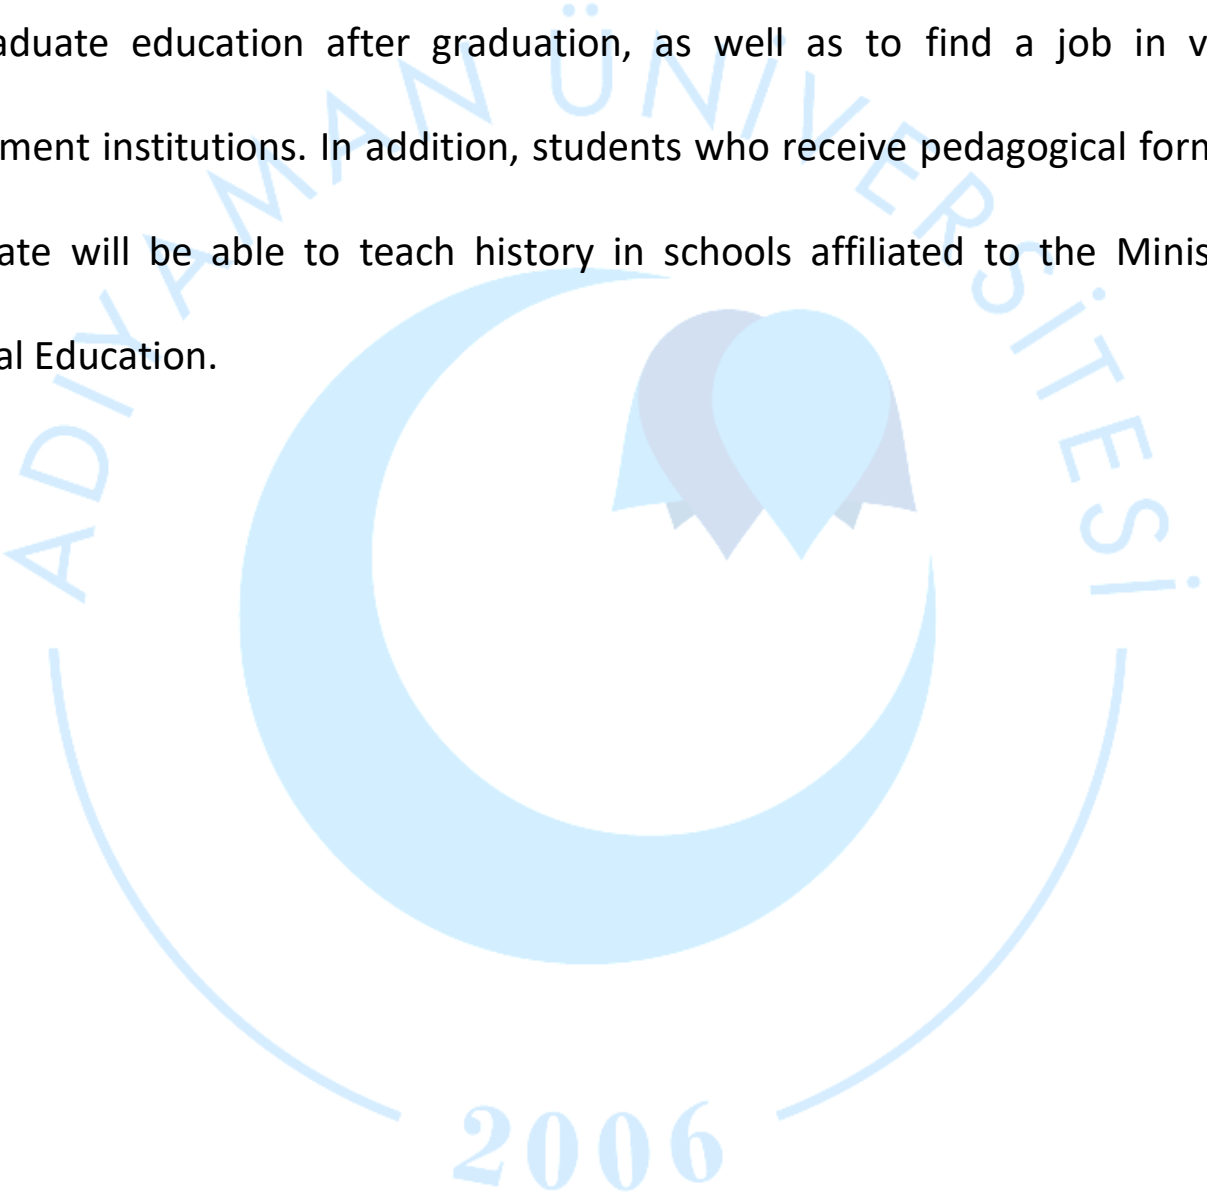

Why History Department

Students coming to this department will encounter courses that are close to their interests. This department, which includes many courses from the history of thought to political history, has an extremely inclusive education program. In this department, it is desired to train well-equipped people by teaching languages such as English, Arabic and Persian to the students. It is a very suitable department for students who are interested in social sciences. In addition, there are pedagogical formation courses among the department courses. Students who successfully complete these courses are written as “Pedagogical formation education has been completed” in their undergraduate diplomas.

2006

Job Opportunities of Our Graduates

Students who will graduate from this department have the chance to get a postgraduate education after graduation, as well as to find a job in various government institutions. In addition, students who receive pedagogical formation certificate will be able to teach history in schools affiliated to the Ministry of National Education.
