- **Mission & Vision**

### **Mission**

Based on the determination that historical events and processes that have a primary role in the formation of the period we live in can be understood by examining them with scientific methods and interdisciplinary perspectives, the mission of this department is to raise individuals who have a historical perspective, can think universally and have critical thinking.

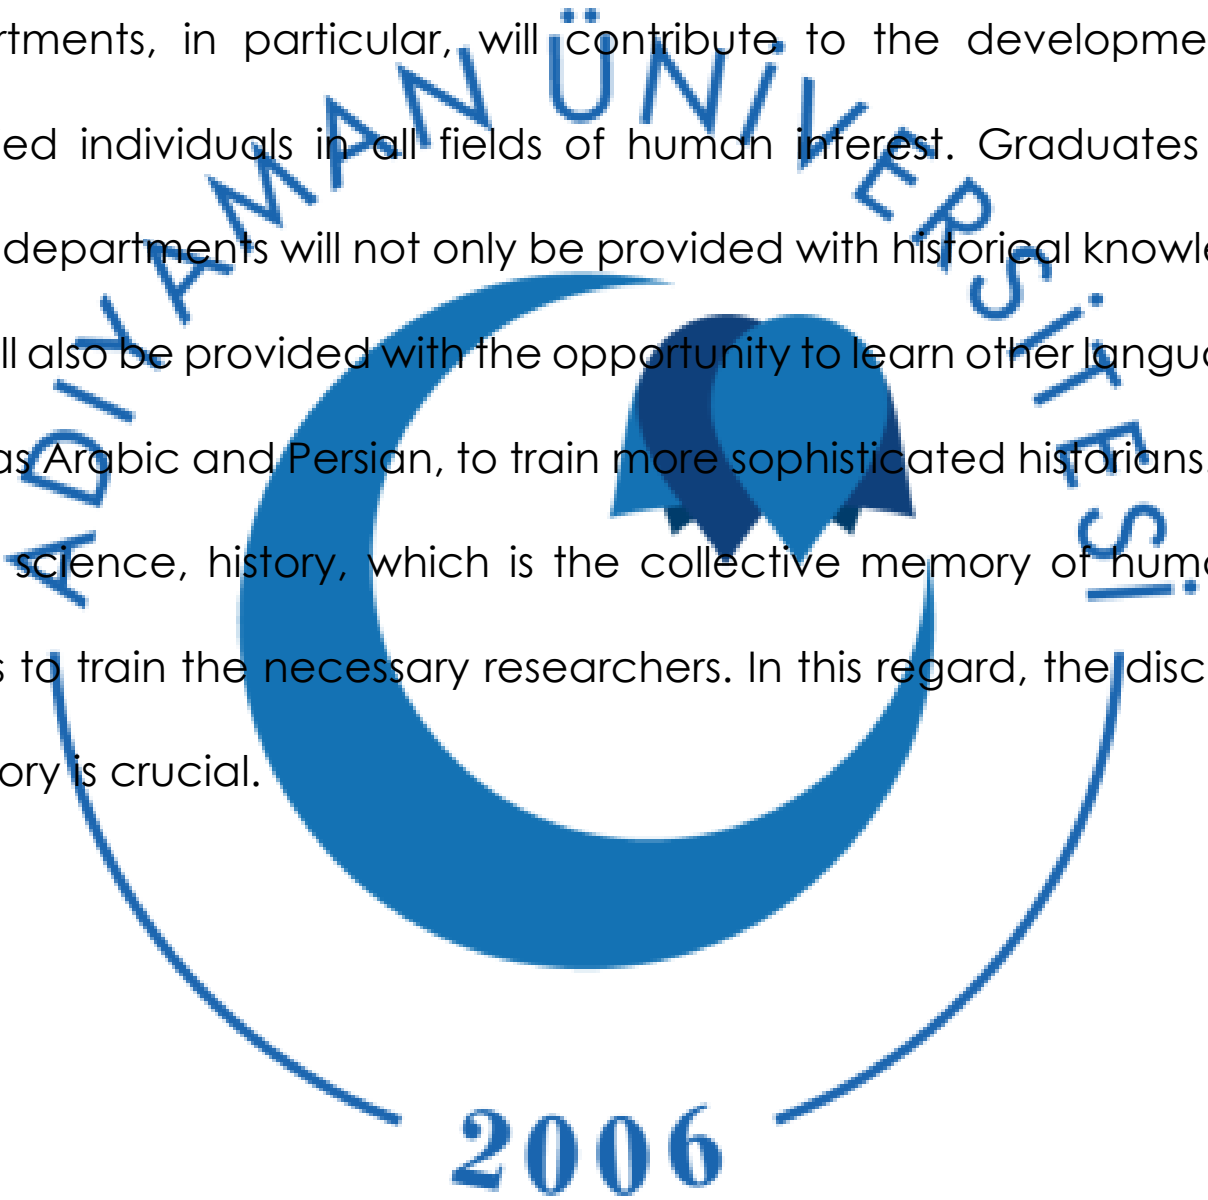

## Vision

To be a department that works to enhance the knowledge and cultural background of people living in Turkiye and to make Turkiye a country that makes significant contributions to science and civilization..

## The Importance of the History Department

In our country, with its long history, training individuals who will conduct research in the field of history is highly important. History departments, in particular, will contribute to the development of qualified individuals in all fields of human interest. Graduates from these departments will not only be provided with historical knowledge but will also be provided with the opportunity to learn other languages, such as Arabic and Persian, to train more sophisticated historians. As a social science, history, which is the collective memory of humanity, needs to train the necessary researchers. In this regard, the discipline of history is crucial.

## Why History Department?

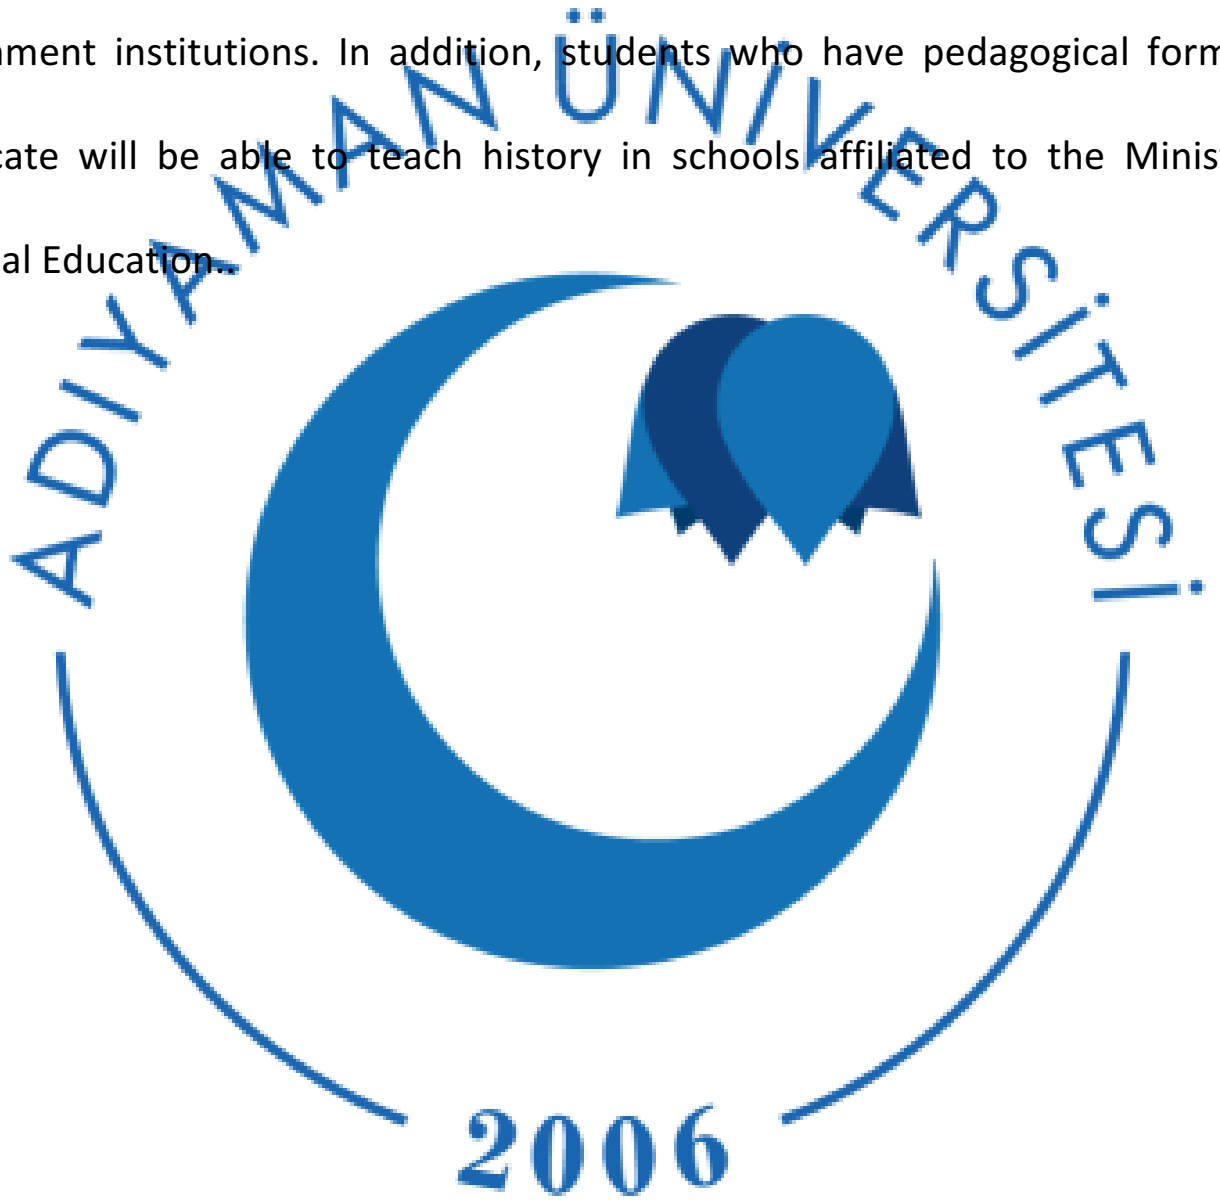

Students enrolled in this department encounter courses aligned with their areas of interest. This department offers a comprehensive curriculum, encompassing a wide range of courses from intellectual history to political history. Students are taught languages such as English, Arabic, and Persian, aiming to develop well-rounded individuals. It is an ideal department for students interested in social sciences. Additionally, the department's courses include pedagogical formation courses. Students who successfully complete these courses receives a Pedagogical Training Certificate as well.

## Job Opportunities for Our Bachelors

Students who graduates from this department have the chance to get a postgraduate education after graduation, as well as to find a job in various government institutions. In addition, students who have pedagogical formation certificate will be able to teach history in schools affiliated to the Ministry of National Education...
